September 28, 2015

ANN ARBOR, Mich., Sept. 28, 2015 /PRNewswire/ -- **Domino's Pizza, Inc. (NYSE: DPZ)**, the recognized world leader in pizza delivery, today announced that certain of its subsidiaries intend to complete a recapitalization transaction, which will include the refinancing of a portion of their outstanding securitization debt with a new series of securitized debt.

- The last recapitalization occurred in April 2012, with the issuance of a \$1.675 billion securitized financing facility consisting of \$1.575 billion of fixed rate notes (the "2012 Notes") and \$100 million of variable funding notes.
- At the end of the third fiscal quarter of 2015, there was approximately \$1.52 billion in outstanding principal amount of 2012 Notes.
- The Company's subsidiaries intend to issue approximately \$1.5 billion of new fixed rate notes and use the proceeds to prepay and retire 35% of the 2012 Notes at par, for approximately \$551 million, to pay transaction fees and for general corporate purposes.
- The Company also expects to enter into a new \$125 million variable funding note facility, which will replace its existing \$100 million variable funding note facility.

The consummation of the offering is subject to market and other conditions and is anticipated to close in the fourth quarter of 2015. However, there can be no assurance that we will be able to successfully complete the refinancing transaction, on the terms described or at all.

This press release does not constitute an offer to sell or the solicitation of an offer to buy the new fixed rate notes or any other security. The notes to be offered have not been, and will not be, registered under the Securities Act of 1933 and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements of the Securities Act of 1933.
